

PROBST SZ block paving extractor

£71.00

An essential tool for any contractor who lays paving blocks or who carries out repairs to paved surfaces. Adjustable to fit any size and shape of paver. Robust design - the blades can easily be driven into paver joints with a hammer.

- * The gripping width can be adjustable without tools from 90 mm - 330 mm.
- * Easily exchangeable, high quality profiles sprung steel blades.
- * Durable galvanised surfaces.
