

PROBST al33 block splitter

£320.00

- * High stability, yet light weight, block cutter. exact cutting ability.
- * Fast manual operation due to the unconstrained forward motion of the lever.
- * Simple and quick adjustment of the cutting height by the height adjustment screws.
- * The suspended upper blade even cuts materials with a conical cross-section such as kerbstones.
- * Type AL65/U cuts kerbstones up to 300mm high.
- * Secure side plates ensure an exact cut. * Both blades, top and bottom.
