

PROBST ep uni screeder

£418.00

The EP-uni is an optional hand-tool for an economical performance of smaller and medium-sized sites. With this device you do it quicker, easier and better.

* New: now telescopic

With only one system you can screed different working widths easily and exactly.

EP-uni is adjustable to the required working width between 900mm - 2,300mm or 2,300mm - 3,000mm respectively.

Product Details

Category/Type	.PROBST BLOCK PAVING TOOL
Make	PROBST
Model	ep uni screeder
Year	NEW
Hours/Mileage	carriage £25.00 + VAT

* Including special key for fast mounting of the telescopic elements and the roller units.

* No torsion with the strong Alu-profile, even at working-depths up to a maximum 3m!

* Due to special design, the profile does not leave the screeding rail even when working with large quantities of screeding materials.

* The three-dimensional handle of 230/300 is adjustable to the required angle-positioning

* The special design of the handle enables the operator to use the weight of his body to exert pulling force in every position of the EP-profile.
