

.PROBST flag lifter vh1 flag lifter / slab lifter

£205.00

VH VACUUM FLAG LIFTER. cheap solution for installing non porous flags. The vacuum is produced by pushing down on the flags. The suction is released by opening the valve at the top. Accurate and quick with no gaps between the flags. Can also lift flags that are already down. lifts up to 25 kg .Extra handle can be purchased to turn it into 2 man lifter. see product vh2. If you need something to lift heavier the vz1 will lift up to 200kg Call us on 0161 797 9686
